ABOUT US

PIC Construction Group Ltd was established in April 2009 and is one of the UK's most experienced building contractors. We work in both the private and public sectors, not limited to but including the commercial, residential and hospitality. We act as the Main Contractor but also undertake work as a sub-contractor.

The founder of PIC Construction Group Ltd (Ion Pendus) was inspired to form the company to provide a service like no other contractor currently within the industry, providing an innovative, knowledgeable, dynamic and effective service whilst always trying to exceed the Client's expectations.

PIC Construction Group Ltd are construction professionals and are recognised as one of the leading construction companies within the sector, with a wealth of directly employed skilled tradesmen (up to 300) enabling us to meet our Client's requirements, needs and expectations in a timely, cost-effective way.
