PIC Group has been established since 2009 and are one of UK's most experienced building companies. Working with just about every industrial and commercial sector, we also frequently act as the main contractor. The founder was inspired to start this company to enable to provide a service like no other building company currently within the market.

PIC Group, are construction professionals, and recognised as one of the leading construction companies currently on the market, having a strong robust chain of tradesman to meet our clients' needs and expectations. At PIC Group we aim to provide our clientele with the best possible services and products without comprising quality and workmanship.
