## CORTLAND BROAD STREET, BIRMINGHAM

Client: Cortland Broad Street

Contract Type: Sub contract

Project Description:

Appointed as the facade Sub contractor for this project, delivering a high quality, fully integrated facade solution incorporating the Kingspan SFS (Steel Framing System), the Aliva A1 EWI clay brick slips system, and precision finished PPC aluminium capping and window sills.

## DESMOND HOUSE, LONDON

Client: Metropolitan Housing Trust

Contract Type: Sub contract

Project Description:

Acting as the appointed facade subcontractor, we delivered the installation of VELFAC windows, ArGeTon terracotta cladding, along with PPC cladding and architectural feature bands, contributing to a refined and contemporary facade finish.

# HAYLOFT POINT, LONDON

Client: Unite Students

Contract Type: Sub contract

Project Description:

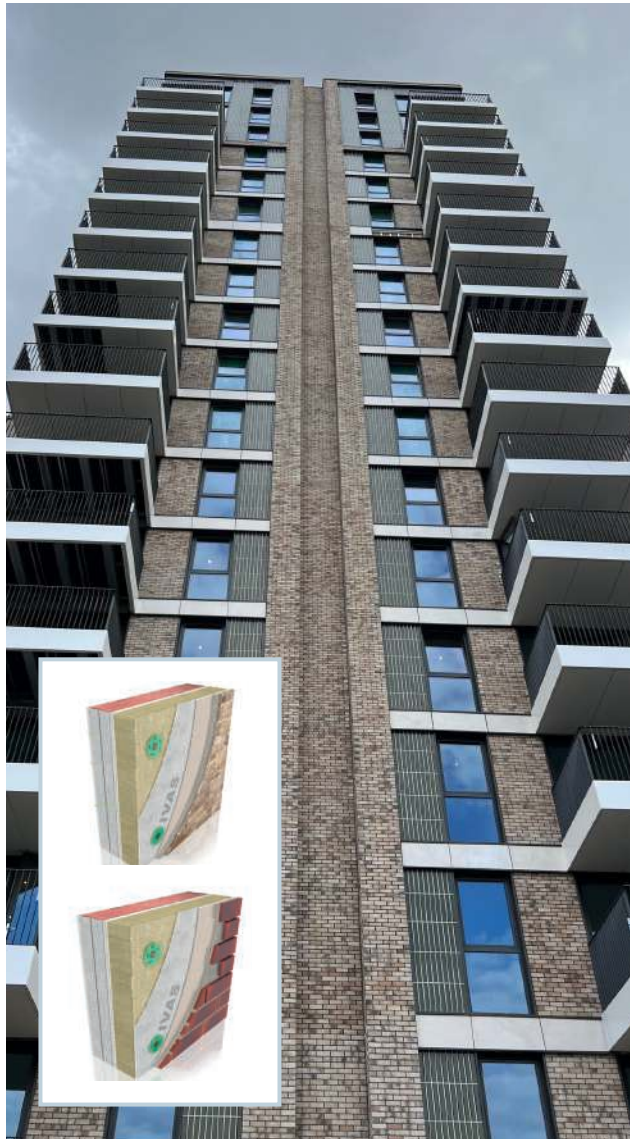

Acting as the appointed facade Sub contractor to install external wall insulation system, Kingspan SFS (Steel Framing System), lightweight Aliva A1 EWI clay brick slip system and Aliva stone cladding.

# HAYLOFT POINT, LONDON

## HOVE GARDENS, BRIGHTON

Client: Watkin Jones Group Street

Contract Type: Sub contract

Project Description:

Appointed as a subcontractor, we delivered the installation of the Kingspan SFS (Steel Framing System), the Aliva A1 EWI clay brick slips system, and Aliva ceramic tile slips, providing a high quality and durable facade solution.

# HOVE GARDENS, BRIGHTON

## LEEDS II, LEEDS

Client: HUB

Contract Type: Sub contract

Project Description:

Appointed as the facade Sub contractor to install a Kingspan SFS (Steel Framing System) and lightweight Aliva A1 EWI clay brick slip system to two towers rising to twenty six and thirty one storeys.

## M&S ECLIPSE PARK, MAIDSTONE

Client: Marks and Spencer Plc

Contract Type: Sub contract

Project Description:

Acting as the appointed facade

Sub contractor to install a new insulated and StoVentec curtain walling system to the new Maidstone Eclipse Marks and Spencer Plc store.

Client: Bouygues UK

Contract Type: Design & Build

Project Description:

Appointed as the façade Sub contractor to install a Metsec Steel Framing system (SFS) and lightweight Aliva A1 EWI clay glazedbrick slip system.

## POTTERY LANE, NEWCASTLE

Client: Olympian Homes

Contract Type: Sub contract

Project Description:

Appointed as subcontractors, we delivered the installation of the Kingspan SFS (Steel Framing System), the Aliva A1 EWI clay brick slips system, Aliva PPC cladding, Valcan stone cladding, and precision-finished PPC capping, providing a high quality and cohesive facade solution.

POTTERY LANE, NEWCASTLE

## UNITE STUDENTS, FEEDER ROAD, BRISTOL

Client: Unite Students

Contract Type: Sub contract

Project Description:

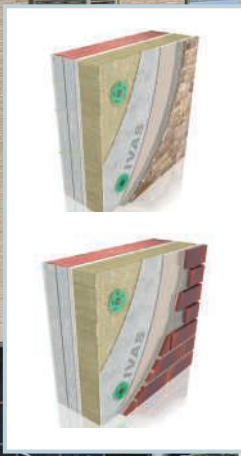

Appointed as the facade Sub contractor to install a Kingspan SFS (Steel Framing System), PPC capping and lightweight Aliva A1 EWI clay brick slip system to 5 storey, part 7, part 8 and part 14 storey.

# UNITE STUDENTS, FEEDER ROAD, BRISTOL

## UNITE STUDENTS, NOTTINGHAM
